Discussions and Essays

For students in the Scientific Course, who wish to take Latin also, the following order of studies will henceforth be pursued, instead of the studies of the Freshman year. The Latin will be the same as that prescribed for the two years in the Preparatory Department:

FIRST YEAR.

Fall Term.—Latin; Natural Philosophy; Review of Arithmetic and English Grammar.

Winter Term.—Latin; English Analysis; Book Keeping.

Spring Term.—Latin: Rhetoric and English Composition; Botany.

SECOND YEAR.

Fall Term.—Latin; Physical Geography; History of Greece; Elocution and English Composition.

Winter Term.—Latin; Algebra; Geometry; Elocution and Translation.

Spring Term.—Latin; Algebra; Geometry; Weekly Declamation and Composition.

The Essays, Translations, and English Compositions of the Freshmen and Sophomores are before their respective classes; all other Rhetorical Exercises of the College classes are before the College.

Preparatory Department.

Classical Preparatory.

This department is intended to prepare students for the Freshman Class in College. Special attention is given to make the preparation as complete as possible. Candidates for this course will be examined in Geography, Arithmetic and English Grammar.

FIRST YEAR.

FIRST TERM.

Latin.—Harkness's Grammar; Orthography; Etymology to § 243, and the Syntax of Nouns. Harkness' Reader, twenty pages.

Greek.—Hadley's Grammar; preliminary lessons in Part First; in Part Second to § 279, accompanied with daily lessons, as far as page 64, in Boise's First Lessons in Greek. Blackboard exercises in writing Greek throughout the term.

English Grammar reviewed.

SECOND TERM.

Latin.—Harkness's Grammar; Irregular, Defective and Impersonal Verbs, and chapters III. to VII. in Syntax. Harkness's Reader continued.

Greek.—Hadley's Grammar, through Part Second. Boise's First Lessons in Greek continued. Selections for reading in Owen's Greek Reader.

Analysis of the English Language Greene.

THIRD TERM.

Latin.—Harkness's Grammar, Etymology, §§ 55 to 115 and §§ 246 to 286. Syntax, Ch. 1. Harkness's Reader; Roman History.

Greek.—Hadley's Grammar, review of Part Second to § 259. Part Fourth, Syntax, §§ 485 to 613. Lucian's Dialogues in Owen's Greek Reader.

Rhetoric and English Composition Hart.

SECOND YEAR.

FIRST TERM.

Latin.—Harkness's Grammar reviewed. Cæsar's Commentaries. Harkness's Introduction to Latin Prose Composition, beginning at Part II.

Greek.—Hadley's Grammar, daily lessons comprising a full review of the Verb §§260 to 402. Boise's First Three Books of Xenophon's Anabasis; four chapters of Book I.

Ancient History Smith's History of Greece.

Weekly Exercises in Elocution and English Composition.

SECOND TERM.

Latin.—Cicero's Select Orations. Prose Composition.

Greek.—Grammar Lessons continued. Xenophon's Anabasis continued.

Algebra. Davies's New Elementary.

Weekly Exercises in Elocution and Translations from Cicero.

THIRD TERM.

Latin.—Virgil's *Æneid*.

Greek.—Prose Composition. Xenophon's Anabasis.

Algebra.—Davies's University Ed., to chap. VIII.

Weekly Exercises in Declamation and English Composition.

All exercises in Elocution, Translation and English Composition in the second year preparatory, are class exercises.

No student in any of the foregoing courses of study can be promoted to an advanced standing without an examination. Students will be considered members of that class only into which they have entered by examination.

ENGLISH PREPARATORY.

The special object of the English preparatory is to furnish instruction in the common English branches to those who are unprepared, through want of these, to enter the Classical preparatory. The method of instruction will at the same time have constant reference to the wants of those who design to become teachers in the public schools. The studies especially provided for this course are as follows: Arithmetic, *Ray's Third Part*; English Grammar, *Greene*; Algebra, *Davies' New Elementary*; English Analysis, *Greene*; Physical Geography, *Warren*; Natural Philosophy, *Steele*; Rhetoric and English Composition, *Quackenbos*; Physiology, *Hutchinson*; Book Keeping, *Crittenden*; Botany, *Gray*. Classes in Penmanship, Phonography and Vocal Music may also be formed at any time, with slight expense to the student.

Those who do not propose to pursue a regular course, can recite in any of the classes of the Preparatory and Collegiate Departments for which they are prepared, and in which they can maintain an honorable standing.

The regular examination for admission to the College classes will be held on the day preceeding the beginning of the Fall term, at 9 A. M., in the Mathematical room; but students may be examined at any other time designated by the Faculty. Every applicant for advanced standing will be examined in all the previous studies of the class which he proposes to enter, provided that fair equivalents for such studies may be accepted.

All students are expected to attend three daily recitations or lectures, and such other exercises as the Faculty may direct.

GENERAL INFORMATION.

LOCATION AND BUILDINGS.

The University is located at Granville, Licking County, Ohio, three and one-half miles north of Union Station, on the Central Ohio Railroad, and six miles west of Newark, in one of the most beautiful and healthful portions of the West, and in a community distinguished for intelligence and morality.

The buildings consist of one brick edifice, one hundred and thirty-three feet long, and four stories high, containing four recitation rooms, library, cabinet, and rooms with double apartments for the accommodation of about seventy-five students, and a frame edifice, containing single rooms and capable of accommodating forty students.

Another college building is now in course of completion, which, in addition to commodious chapel and recitation rooms, will furnish accommodation for a much larger number of students.

Students are also permitted, at the discretion of the Faculty, to obtain accommodations at private families in the village.

TERMS AND VACATIONS.

The Commencement is held on the last Thursday in June of each year. The College year consists of forty weeks, and is divided into three terms, as follows: The Fall Term of 15 weeks, the Winter Term of 13 weeks, and the Spring Term of 12 weeks. The winter vacation, which includes the holidays, will be two weeks, and the spring recess, at the close of the winter term, will be from Wednesday to the following Monday morning.

EXPENSES.

The tuition in the College Department is \$13.00 for the Fall term and \$10.50 each for the Winter and Spring terms, and in the Preparatory Department \$10.00 for the Fall term and \$7.50 each for the Winter and Spring terms. The charges for incidental expenses are \$1.00 each for the Fall and Winter terms and 75 cents for the Spring term. Room rent in the brick edifice is \$4.00 for the Fall term and \$3.00 each for the Winter and Spring terms, and in the frame edifice \$2.50 for the Fall term and \$1.75 each for the other two terms.

Bills for the above expenses are payable at the commencement of each term.

There is no boarding house connected with the Institution. Good board can always be obtained in respectable private families. Students who room in the frame building are permitted to board themselves, if they so desire. The price of board in private families has been \$3.00 a week during the year. Many of the students board in clubs for less than \$2.00 a week.

The College furnishes for the rooms, stoves and bedsteads. All other furniture for rooms, fuel, lights, books, stationery, and washing, the students provide for themselves.

Text books and stationery can always be found in the village, or at the University.

The necessary expenses of a student for the year, exclusive of clothing and traveling, may be said to range from \$160 to \$220.

LIBRARIES AND CABINET.

The University and Society Libraries contain about 10,500 volumes. The University Library is open twice each week for the use of members of the College classes.

The University also possesses a valuable Cabinet of minerals and fossils, also apparatus for experiments in Natural Philosophy and Chemistry, sufficiently extensive for all ordinary purposes of instruction.

SOCIETIES.

There are two Literary Societies connected with the College Classes, the Calliopean and Franklin, which have their own halls, and each a carefully selected Library of about 2,000 volumes.

Connected with the Preparatory Department, there is a Literary Society, the Ciceronian, which has also a furnished hall and the beginning of a library.

A Young Men's Christian Association exists among the students, the members of which hold a religious meeting in the College on the first of each month and perform much valuable Christian labor in the surrounding community.

PUBLIC WORSHIP.

Punctual attendance of all the students is required at the morning prayers; also upon Divine Service twice on the Sabbath at the church selected by their parents or guardians. If no preference is expressed, it is understood that the students will attend with the Faculty at the Baptist Church, unless excused by the President.

Two prayer meetings are held in the College each week, one of them conducted by members of the Faculty, attendance upon which is voluntary.

DISCIPLINE.

The officers have their rooms in the College edifices, and, during hours appropriated to study, maintain quietness and good order in the halls and over the premises. They also keep a register, showing the absence of each student from all the exercises upon which his attendance is required; also his degrees of excellence or deficiency in each performance, and his general deportment. This, if requested, is, at the close of the term, transmitted to parents or guardians, and is open at all times to their inspection.

BENEFICIARIES.

Students who have the ministry in view, if without means of supporting themselves, are admitted as beneficiaries of the Ohio Baptist Education Society, by which Society they are furnished with free tuition and from \$80 to \$150 per annum.

DEGREES.

BACHELOR OF ARTS.—The Degree of Bachelor of Arts is conferred on those persons who have completed the course of academical exercises, as appointed by law, and have been approved on examination at the end of the course as candidates for the same.

BACHELOR OF SCIENCES.—This degree is conferred on those persons who have completed, in a satisfactory manner, the scientific course of studies in this University, and sustain a creditable examination in the same at the close. No further degree is conferred in course.

Candidates for these degrees are required to pay to the Treasurer their dues, including a graduating fee of five dollars, and present a certificate of the same to the President, as early as the Monday before commencement.

MASTER OF ARTS.—Every Bachelor of Arts of three years standing, who has made suitable advancement in the Arts and Sciences, or in any of the learned professions, may receive the degree of Master of Arts, on the payment of a fee of five dollars, provided he shall, in the interval, have sustained a good moral character. Application must be made to the President previous to the commencement.

ADVANTAGES.

The special advantages furnished by Denison University are, an honorable history of more than a third of a century, a thorough and comprehensive course of study, peculiar freedom from incentives to dissipation, a constant activity of Christian influence, cheapness of living, beauty and healthfulness of situation, and the stimulating presence of other schools.
